Business owners must be aware of what is happening on their front lines, and customers need a place to give feedback to these businesses to tell them what they are doing is or is not working. In order for customer service to really work we need an open communication between the consumers and the businesses. We set out to build the tools to streamline this process. We will continue to set high expectations on customer service, and hope you will join us. We understand that this is not an easy task but believe that together we can make it work. For more information please call Diana Thovmasian at 401-274-8100

The Green Restaurant Association has been helping the restaurant industry to become more environmentally responsible for eighteen years. With the worlds largest database of environmental solutions for the restaurant industry, the Green Restaurant Association uses environmental consulting, education, certification, public relations, and marketing to facilitate restaurants to implement credible environmental change. By working with your manufacturers, landlords, and vendors, the GRA does about 95% of the work for you. The GRA has been helping restaurants become more environmentally sustainable, longer than any organization on the planet. Please contact 617-737-3344

Bars give up about 20 percent of annual sales to overpouring, illicit freebies and theft. At Bevinco, our job is to eliminate that loss and put it back in your bottom line. We guarantee to increase profits by 10% of alcohol sales and reduce shrinkage to 5 percent or less. Bevinco's weekly service compares product usage to sales for every drop of liquor, beer and wine dispensed, while Bevinco's reports detail product usage by brand, help in the detection of theft and provide insightful consultation to ensure prevention.
